

## Discussion Questions

### Genesis 9: 18-29

1. Verse 21 states plainly that Noah “became drunk.” Why does the Bible refer to drunkenness as sin? Compare.

2. Contrast the behavior of Noah's sons: Ham versus Shem and Japheth (verses 22-23) ... how did they act differently? Even if Ham innocently had stumbled upon his naked father, how could he have handled the situation differently? Compare James 3: 2-12.

3. Do you think that Noah’s curse on his grandson, Canaan, was justified (verses 25-27) when he said he would be a servant to his brothers? Why or why not? Can you think of how Noah could have acted differently? What human problems have resulted from this sad episode in human history?

4. Why do you suppose the Bible clearly shows the sin and failures of many leaders? Think of Abraham, Moses, Samuel, David, Solomon, Elijah, and the Apostle Peter for openers.
